

To support our team in the greater Frankfurt area, we are looking for for a full-time permanent position with immediate effect:

Site Manager (m/f/d)

That is your task:

- Responsibility for quality and on-time management
- Control and handling of complex construction projects
- Leading the staff on site

These are our requirements:

- Several years of professional experience especially in shell construction
- Completed studies in the field of civil engineering or comparable qualification
- Good written and spoken German
- Strong commercial understanding and cost awareness
- Ideally knowledge in the areas of VOB correspondence and construction contract law
- Assertiveness, sense of responsibility and ability to work in a team

You can build on that:

- Attractive, collectively agreed remuneration and 30 days' holiday
- Many years of expertise and experience
- Further education and training opportunities
- Flat hierarchy, short decision-making processes & family-like working atmosphere
- Company car for private use

Have we aroused your interest?

Please send your application to:
